4. What is Dr. Jayanth B N's specialization?

Dr Jayanth B N specializes in General Surgery. He has expertise in treating conditions such as Hernia, Gallbladder Disease, Appendicitis. His key treatments include Laparoscopic Hernia Repair, Cholecystectomy, Appendectomy.

5. What are Dr. Jayanth B N's medical qualifications?

Dr Jayanth B N holds MBBS, DNB, FMAS, FIAGES, reflecting his comprehensive education in the field of General Surgery.

6. How many years of experience does Dr. Jayanth B N have?

Dr. Jayanth B N has 18 years of experience as a general surgeon. His professional history spans several locations.

7. Who is a general surgeon?

A general surgeon is a qualified medical doctor specializing in surgical procedures. Their expertise encompasses a wide range of operations on abdominal organs such as the stomach, liver, colon, rectum, and also includes breast surgeries. They are skilled in operative techniques for various conditions requiring surgical intervention.

8. What surgical procedures does a general surgeon perform?

General surgeons conduct open and laparoscopic procedures on the digestive tract, breast, hernia, appendix, abdomen, soft tissues, endocrine system, and gallbladder. They also manage critically ill patients. These surgical specialties encompass a wide range of surgical needs.

9. Can a general surgeon perform cancer surgery?

No. Surgical oncologists, possessing specialized cancer treatment training, are the only surgeons who perform cancer surgeries.

10. How does a general surgeon differ from a specialist surgeon?

General surgeons possess expertise in abdominal surgeries, encompassing procedures like hernia repair and trauma management. Specialist surgeons, conversely, concentrate on specific areas, such as oncology, neurosurgery, cosmetic surgery, or orthopedics, exhibiting advanced skills within their chosen subspecialty.
