Overview

Dr. Jibak Bhattacharya is a dedicated Radiation Specialist Oncologist located in Kolkata, West Bengal. With an impressive experience of 10 years in the field of radiotherapy, Dr. Bhattacharya has established a reputable practice at Apollo, where he employs advanced techniques in radiation oncology to provide comprehensive cancer care. He holds an MBBS and an MD in Radiotherapy, ensuring a solid educational foundation combined with practical expertise. Dr. Bhattacharya is fluent in English, Bengali, and Hindi, allowing him to communicate effectively with a diverse patient base. His compassionate approach and commitment to patient outcomes have earned him the trust of many individuals seeking treatment for various cancer types. Dr. Bhattacharya remains active in the medical community and is dedicated to staying updated on the latest advancements in radiation oncology, ensuring that his patients receive state-of-the-art treatment protocols. As a member of the Apollo network, he has access to cutting-edge facilities and resources, enhancing the level of care provided to his patients. Whether in outpatient consultations or treatment planning sessions, Dr. Bhattacharya's patient-centered philosophy emphasizes understanding each individual's unique health needs, ultimately contributing to a better quality of life for those he serves.
