What is Dr. Kajal Das's specialization?

Dr Kajal Das specializes in Neurosurgery. He has expertise in treating conditions such as Gaucher Disease, Moyamoya Disease, Craniosynostosis. His key treatments include Skull Treatment, Trigeminal Neuralgia Treatment.

What are Dr. Kajal Das's medical qualifications?

Dr Kajal Das holds MBBS(1997),MS (2007), MCh (2011), reflecting his comprehensive education in the field of Neurosurgery.

How many years of experience does Dr. Kajal Das have?

Dr. Kajal Das possesses 27 years of experience in the medical field. Her extensive neurosurgery expertise reflects this significant career history.

Who is a neurosurgeon?

A neurosurgeon is a physician specializing in the diagnosis, surgical and nonsurgical treatment, and management of nervous system disorders. This includes conditions affecting the central nervous system (brain and spinal cord) and the peripheral nervous system (other nerves).

Can a neurosurgeon operate on a brain tumor?

Yes, neurosurgeons are qualified to perform brain tumor surgery. The procedure may involve complete tumor removal or partial resection to avoid damaging vital brain tissue. If complete removal is not feasible, a biopsy is performed to determine the tumor type, guiding subsequent treatment such as chemotherapy or radiotherapy.

Does a neurosurgeon only perform surgery?

Neurosurgeons offer comprehensive neurological care. While surgery is a key part of their practice, they prioritize non-surgical treatments whenever feasible. Minimally invasive techniques are preferred where applicable.

What conditions necessitate a neurosurgeon's consultation?

Neurosurgeons specialize in treating various neurological conditions, including birth defects, brain and spinal tumors, intracranial bleeding, peripheral nerve disorders (e.g., sciatica), head, neck, or spine injuries, spinal issues (like osteoarthritis and herniated discs), epilepsy/seizures, Parkinson's disease, and chronic pain. They also perform surgeries such as tumor removal and carpal tunnel release.
