Overview

Dr. Ketul V Shah is a highly skilled Surgical Gastroenterologist based in Mumbai, Maharashtra, with over 12 years of extensive experience in the field. He is a distinguished consultant in GI, HPB surgery, and liver transplantation, showcasing remarkable expertise and dedication to patient care. Dr. Shah holds an impressive educational background, including an MBBS, MS in General Surgery, M.Ch in Surgical Gastroenterology, and is a Fellow of Robotic Surgery (FARIS). This comprehensive training equips him with the advanced skills necessary to tackle complex gastrointestinal disorders and perform intricate surgical procedures.

As a specialist, Dr. Shah is known for his proficiency in robotic surgery, which enhances precision and minimizes recovery time for his patients. His proficiency extends to various languages, including English, Marathi, Hindi, and Gujarati, allowing him to communicate effectively with a diverse group of patients. This linguistic ability ensures that he can provide personalized care tailored to each patient's needs and comfort.

Throughout his career, Dr. Ketul V Shah has received accolades for his contributions to GI and liver transplant surgery, distinguishing him as a leader in his specialty. He is committed to offering a patient-centered approach, focusing on compassion, understanding, and professional excellence. Whether addressing routine or complex surgical needs, Dr. Shah's dedication to advancing medical standards and improving patient outcomes continues to make him a sought-after consultant in the region.
