Overview

Dr. Lakshmi Mulam is a dedicated and experienced Haematologist based in Visakhapatnam, Andhra Pradesh. With an MD and DNB qualification, she has honed her expertise in the field of Haematology over a commendable span of 5 years. Dr. Mulam is well-versed in diagnosing and treating various blood disorders, ensuring that her patients receive comprehensive care tailored to their specific needs. Her practice is characterized by a commitment to stay updated with the latest advancements in her specialty, allowing her to provide evidence-based treatment options. She is fluent in both English and Hindi, making her accessible to a diverse range of patients seeking her expertise. Dr. Mulam is part of the highly regarded Apollo network, known for its exceptional healthcare services. She brings a compassionate approach to her practice, understanding the emotional and physical challenges her patients face. As a female haematologist, she is particularly passionate about empowering women in health decisions and providing them with the support they need through their treatment journeys. Her dedication to patient care, coupled with her professional qualifications, makes her a trusted choice for those looking for expert haematological care in the region. Dr. Lakshmi Mulam continues to make a positive impact in the lives of her patients, standing out as a valuable member of the medical community in Visakhapatnam.
