## **5. What are Dr. Porselvi Rajin's medical qualifications?**

Dr Porselvi Rajin holds MBBS, DNB(General Medicine), Dip.Diabetology, DM(Medical Gastroenterology), reflecting her comprehensive education in the field of Gastroenterology.

## **6. How many years of experience does Dr. Porselvi Rajin have?**

Dr. Porselvi Rajin has 22 years of experience in gastroenterology. Her extensive medical background reflects a significant contribution to patient care.

## **7. Who is a gastroenterologist?**

A gastroenterologist is a medical specialist in the diagnosis and treatment of gastrointestinal (GI) tract and liver diseases. Gastroenterology is a branch of medicine focusing on disorders affecting the GI tract, encompassing organs from the mouth to the anus. This includes conditions affecting the esophagus, stomach, small intestine, large intestine, rectum, and liver.

## **8. Which body parts' disorders are treated by a gastroenterologist?**

A gastroenterologist treats disorders of the digestive system, including the stomach, liver, esophagus, small intestine, colon, rectum, pancreas, gallbladder, and bile ducts.

## **9. Can a Gastroenterologist Perform a Colonoscopy?**

Yes, gastroenterologists perform colonoscopies. Their specialized training in gastrointestinal diseases equips them to conduct this procedure.

## **10. Is endoscopy a safe procedure?**

Endoscopy is generally a safe medical procedure. However, while rare, complications such as bleeding can occur. The risk of bleeding is slightly higher if a biopsy is performed or if treatment for a digestive disease is involved during the endoscopy. The procedure is considered safe for the vast majority of patients.
