Overview

Dr. Prakash Goura is a distinguished Vascular and Endovascular Surgeon based in Hyderabad, Telangana, with over 8 years of extensive experience in the field. He has earned a reputation for his expertise in treating a variety of vascular conditions and performing complex surgeries related to vascular and endovascular issues. Dr. Goura is fluent in multiple languages, including Hindi, Telugu, Kannada, Malayalam, and English, which allows him to effectively communicate with a diverse patient population.

His educational credentials include an MBBS, DNB in General Surgery, MRCS, and an MCh in Vascular & Endovascular Surgery, demonstrating his comprehensive training and

commitment to the highest standards of medical practice. Dr. Goura is also recognized for his contributions to medical literature, having authored three publications in both national and international journals. He is a co-author of a chapter in an international book on vascular surgery, showcasing his dedication to advancing the field.

In addition to his clinical practice, Dr. Goura is actively involved in groundbreaking research, including the development and preclinical trials of innovative technologies. He is currently working on the Indigenous Chitra-Sitra Hydrogel coated polyester graft, which is awaiting clinical trials, and is involved in studies concerning tissue-engineered small diameter biodegradable vascular grafts and indigenous Bovine Pericardial patches. Furthermore, he is contributing to the ongoing development of an Indian Aortic stent-graft, underscoring his commitment to improving healthcare solutions in India.

With a passion for patient care and significant achievements in research and surgery, Dr. Prakash Goura is a vital part of the Apollo hospital network, dedicated to providing exceptional vascular care.
