How many years of experience does Dr. Prem Narayan Dubey have?

Dr. Prem Narayan Dubey has 58 years of experience as a Pediatrician. His extensive career spans various medical facilities.

Who is a Pediatrician?

A pediatrician, also known as a child specialist, is a physician specializing in children's healthcare. They manage a child's physical, behavioral, and mental health, treating illnesses ranging from minor to serious conditions. Pediatric care begins at birth.

What age range of children do your Paediatricians treat?

Apollo Hospitals' pediatricians provide care for children from birth through age 18. Infants (0-2 years) may require frequent checkups, while children aged 2-5 typically have annual well-child visits. Annual visits continue until the age of 18.

Can a Pediatrician Perform Surgery?

Pediatricians focus on children's physical and mental health. While some pediatricians with specialized surgical training can perform procedures, pediatric surgeons are the specialists for surgical interventions. Pediatricians typically manage children's health through non-surgical means. Pediatric surgeons' expertise ranges from minor procedures (e.g., foreign body removal) to complex surgeries (e.g., cardiac surgery).

What does a pediatrician do?

Pediatricians provide comprehensive healthcare for children. Their services include routine checkups, managing newborn conditions, and performing procedures such as vaccinations, treating minor injuries (e.g., dislocations), removing foreign bodies, and addressing fractures. They ensure a child's overall well-being.
