Overview

Dr. Rohit Bhattar is a highly experienced Uro Oncologist based in Ahmedabad, Gujarat, with 14 years of distinguished practice in the field of urology and uro-oncology. He holds an impressive academic background, including an MBBS, MS, and MCh in Urology, along with specialized fellowships in Uro-oncology and Robotic Urology completed in the United Kingdom. As a male physician proficient in both English and Hindi, Dr. Bhattar is dedicated to providing high-quality care tailored to the diverse needs of his patients.

Dr. Bhattar has been recognized with several prestigious awards throughout his career. He played a key role as an organizing committee member of the BIC ACRSI in Udaipur, Rajasthan, and excelled

in academic competitions, securing the 1st position in the MCh Urology entrance exam in 2014 and receiving the RSC Vattikuti scholarship in 2016. His impressive credentials also include being the top ranker in the AUA-USI instructional course exam held in Hyderabad in 2016, along with winning the Best Poster award at NZUSICON 2016 for his research on lower urinary symptoms.

Dr. Bhattar has further honed his skills through notable fellowships at renowned institutions such as PGIMER Chandigarh and MPUH Nadiad. He also completed a Robotic Urology Fellowship in Manchester and Liverpool, UK, from 2019 to 2021, cementing his expertise in advanced urological techniques. In addition to his clinical practice, he actively contributes to the medical community as an editor and reviewer for several reputed international journals. His commitment to patient care and academic excellence makes Dr. Rohit Bhattar a leading figure in the field of Uro Oncology, respected by both peers and patients alike.

Experience

Dr. Rohit Bhattar is the United Kingdom fellowship trained Uro-oncologist and Robotic surgeon in Western India and have been associated with more than 500 Robotic Urological procedures over last five years. He is trained in the management of all types of Urological cancers and is proficient in MRI-US guided cognitive fusion biopsy of prostate and trans-perineal template guided biopsy of prostate. He was actively involved in resident teaching and mentoring for Urology and robotic surgery in Manchester University and Wirral university teaching hospital.

He completed his Medical school from S.P. Medical college Bikaner, residency in general surgery from RNT Medical College, Udaipur and Urology residency from Sawai Man Singh Medical College Jaipur, one of the best Urology training centres in India. He worked for two years as a consultant Urologist, Andrologist, Uro-gynaecologist and Kidney Transplant surgeon as a reputed hospital in Rajasthan, India. He is also a Member of The Royal College of Surgeons of England and did his clinical fellowships in Minimally invasive and Robotic Urology. He also has special interest in erectile dysfunction management and involved in various procedures that cover this topic which includes penile prosthesis as well. He won the prestigious Urological society of India travelling fellowship award to attend the NAUS conference. He completed his dedicated clinical fellowship in Uro oncology and Robotic surgery from United Kingdom.

He has authored many peer reviewed publications and is an editor and reviewer of reputed International journals. He has won multiple National and International Urology scholarships as well as multiple awards.
