Overview

Dr. Sambit Das is a highly experienced Endocrinologist with over 13 years of dedicated service in the field of medicine. Based in Bhubaneswar, Odisha, he specializes in diagnosing and treating hormonal disorders, ensuring that his patients receive well-rounded and comprehensive care. Dr. Das holds impressive qualifications including an MD in Internal Medicine and a DM in Endocrinology from PGI, Chandigarh. He further honed his expertise as a Fellow in Endocrinology at SGPGI, Lucknow, making him well-equipped to handle a variety of endocrine issues.

Fluent in English, Hindi, and Oriya, Dr. Das effectively communicates with a diverse range of patients, ensuring clarity and understanding in all consultations. His approach is patient-centric, focusing on tailored treatments that consider each individual's unique circumstances. As a leading endocrinologist, he takes pride in staying abreast of the latest developments in the field, integrating advanced treatment protocols to enhance patient outcomes.

Dr. Das's commitment to patient education empowers individuals to take an active role in managing their health. Whether it's diabetes, thyroid disorders, or any other hormonal imbalance, patients can feel confident in his expertise and personalized care. With a reputation for professionalism and compassion, Dr. Sambit Das is a trusted partner in health for those seeking excellence in endocrinology.
