Overview

Dr Saurabh Chopra is a highly qualified and experienced Paediatric Neurologist based in South Delhi, with 15 years of dedicated practice in the field of pediatric neurology. He holds an MD in Pediatrics and has further specialized with fellowships in Pediatric Neurology from Great Ormond Street Hospital in London and Pediatric Epilepsy from the Royal Children's Hospital in Melbourne. Dr Chopra has a deep commitment to advancing the health and well-being of children with neurological disorders.

As a fluent speaker of both English and Hindi, he effectively communicates with a diverse patient population, ensuring that all families are well-informed and comfortable during their consultations. His expertise is often sought after in the management of complex neurological conditions in children, including epilepsy, cerebral palsy, and developmental delays.

Dr Chopra's exemplary work has been recognized with prestigious awards such as the RCPCH Ashok Nathwani Fellowship Award and the IAP Visiting Fellowship Award. These accolades reflect his dedication to not only providing high-quality medical care but also contributing to the broader medical community through research and knowledge sharing.

Affiliated with Apollo Hospitals, Dr Saurabh Chopra combines his extensive experience with a compassionate approach, making him a trusted partner for families navigating the challenges of pediatric neurological issues. He is committed to fostering a supportive environment that prioritizes the health of his young patients while also addressing the concerns and needs of their families.
