2. Who is Dr. Sohani Verma?

Dr Sohani Verma is a renowned Obstetrician & Gynecologist with over 39 years of experience. She practices in Delhi at Apollo Hospitals Delhi. Dr Sohani Verma holds a degree in MBBS, MRCOG (UK), FRCOG (UK), FICOG, FIMSA, PGDMLS, PGDHHM, FMAS. She provides treatments including Reproduction Treatment, Pcod Pcos Treatment, Polycystic Ovary Treatment. She specializes in treating conditions like Pre Menstrual Syndrome, Polycystic Ovary Syndrome In Adolescence, pregnancy-and-heart-disease.

3. Why do patients choose Dr. Sohani Verma?

Dr. Sohani Verma is sought after for her expertise in Gynaec Laparoscopy, treatment of high-risk pregnancies, and fertility preservation procedures. For detailed information on her specializations and experience, please refer to her professional profile.

4. What is Dr. Sohani Verma's specialization?

Dr Sohani Verma specializes in Obstetrics & Gynecology. She has expertise in treating conditions such as Pre Menstrual Syndrome, Polycystic Ovary Syndrome In Adolescence, pregnancy-and-heart-disease. Her key treatments include Reproduction Treatment, Pcod Pcos

5. What are Dr. Sohani Verma's medical qualifications?

Dr Sohani Verma holds MBBS, MRCOG (UK), FRCOG (UK), FICOG, FIMSA, PGDMLS, PGDHHM, FMAS, reflecting her comprehensive education in the field of Obstetrics & Gynecology.

6. How many years of experience does Dr. Sohani Verma have?

Dr. Sohani Verma possesses 39 years of experience in the medical field. Details regarding her past practice locations are available upon request.

7. Who is a Gynaecologist?

A Gynaecologist is a medical doctor specializing in women's health, focusing on the female reproductive system—the vagina, ovaries, uterus, and breasts. Their expertise also encompasses obstetrics, managing pregnancy and childbirth.

8. What is the difference between a Gynaecologist and an Obstetrician?

A Gynaecologist manages women's reproductive health, while an Obstetrician focuses on pregnancy, childbirth, and postnatal care. Many Gynaecologists are also trained in Obstetrics. During pregnancy, consultation with either is appropriate; however, for general reproductive health concerns, a Gynaecologist is the preferred specialist.

9. What procedures do Gynaecologists/Obstetricians perform?

Gynaecologists perform procedures like Dilation and Curettage (D&C), removing the uterine lining, and Hysteroscopy, a minimally invasive uterine treatment. Obstetricians manage childbirth through normal delivery and C-sections, performing surgery when necessary for safe delivery. These specialists provide comprehensive women's health and maternity care.
