Overview

Dr. Steve Manjaly is a highly respected Geriatrician based in Bangalore, Karnataka, with over 14 years of dedicated experience in the field of Geriatric Medicine. He is recognized for his deep commitment to improving the health and wellbeing of elderly patients through comprehensive and compassionate care. Holding a DNB and DGM in Geriatric Medicine, Dr. Manjaly has honed his clinical skills and expertise to address the unique medical needs of older adults. His approach is holistic, focusing not just on the physical aspects of aging but also on the emotional and psychological well-being of his patients.

Fluent in multiple languages including English, Hindi, Tamil, Kannada, and Malayalam, Dr. Manjaly effectively communicates with a diverse patient population, ensuring that all individuals receive personalized care tailored to their backgrounds and needs. His patients appreciate his attentive listening skills, thorough examinations, and the time he takes to explain treatment options and health management strategies.

Dr. Manjaly's practice is characterized by a patient-centered philosophy, where he prioritizes building lasting relationships with his patients and their families. He remains current with advancements in geriatric medicine and adopts evidence-based practices to offer the highest standard of care. As a focused specialist in Geriatrics, he is equipped to handle a wide range of geriatric health issues, making him an invaluable resource for elderly patients seeking guidance and treatment in their later years.
