Overview

Dr. Sudhir Adalti is a highly skilled Cardiothoracic and Vascular Surgeon with over 23 years of experience in the field. Based in Ahmedabad, Gujarat, he is renowned for his expertise in performing complex cardiac and thoracic surgeries. Dr. Adalti holds a comprehensive educational background, having earned his MBBS, MS, and MCh in Cardiovascular and Thoracic Surgery. He furthered his specialization with prestigious fellowships in advanced cardiac surgery from institutions in Auckland, New Zealand, and Brisbane, Australia.

Fluent in English, Hindi, Gujarati, and Kashmiri, Dr. Adalti is able to communicate effectively with a diverse patient population, ensuring that every individual receives personalized care tailored to their

needs. As a dedicated healthcare professional at Apollo, he combines his extensive knowledge with state-of-the-art technology to deliver the best possible outcomes for his patients.

His passion for cardiothoracic and vascular surgery is complemented by a commitment to patient welfare, consistently working towards improving their quality of life. Whether it's performing intricate surgeries or providing postoperative care, Dr. Sudhir Adalti is known for his meticulous attention to detail and compassionate approach. As he continues to serve the community of Ahmedabad, his contributions in the field of cardiothoracic surgery make him a valuable asset to both his patients and the medical community.

Experience

- **Previously as an Associate Professor and Senior Consultant in UN MEHTA Institute of Cardiology and Research Centre at Ahmedabad, India.** It is a five hundred fifty bedded cardiothoracic centre in India and does more than 5000 cases in a year. It has six Trainee seats per year allotted to it. We do all sorts of adult and paediatric cases varying from simple coronaries to complex redo operations. (December 2013 till June 2014 and August 2015 till date)

- **Worked as a registrar / fellow at The Prince Charles Hospital Brisbane, Australia.** It is the largest cardiothoracic centre in Australasia which deals with complex cases referred from other cardiac centres. It has a dedicated team for Heart failure service and research specially for heart failure.

Besides involved in and doing routine cardiac surgeries, I was involved in complex cardiac surgeries like TAVI, ECMO and Heart and Lung Transplantation. (June 2014 to August 2015)

- **Worked as a junior consultant** in the department of cardiothoracic surgery in **Apollo hospital, Chennai, Tamil Nadu**, which is also one of the most reputed and advanced unit particularly in coronary surgery and is headed by Dr. M.R. Girinath. (October 2008- October 2011)

-

Worked as an **Assistant Surgeon** at National Heart Institute in New Delhi, India (September 2004 – March 2005). Job responsibilities included assisting all the open and closed cardiac surgeries as a first assistant, which included CABG mainly off pump
