Overview

Dr. Vijayachandra Reddy Y is a highly esteemed Cardiologist based in Chennai, Tamil Nadu, with an impressive 27 years of specialized experience in the field of Cardiology. He holds a distinguished set of qualifications—MD, DM, MRCP, FACC, FCSI, CCDS, and FSCAI—reflecting his unwavering commitment to clinical excellence and continuous professional development.

Dr. Reddy is fluent in English, Hindi, Tamil, Telugu, and Bengali, enabling him to effectively communicate with a diverse patient population and deliver compassionate, personalized care.

Renowned for his pioneering contributions to interventional cardiology, Dr. Reddy is considered a trailblazer in transradial coronary angioplasty stenting and complex high-risk CHIP PCI procedures. He is also highly skilled in the use of advanced intravascular imaging technologies such as OCT, IVUS, and Rota IVL, and is frequently sought after for post-CABG and acute MI PCI interventions. In addition, Dr. Reddy has demonstrated exceptional expertise in structural heart disease interventions, including TAVI (Transcatheter Aortic Valve Implantation) and TMVR (Transcatheter

Mitral Valve Replacement). He has significantly contributed to the adoption of renal artery stenting in patients with renal failure.

A landmark achievement in his career is being the first doctor in India to perform the VALVE-IN-VALVE TMVR procedure. His contributions have earned him several prestigious accolades, including:

- Best Cardiologist in Tamil Nadu
- Best Interventional Cardiologist in Tamil Nadu
- Best Cardiologist in India (2020)
- Best Researcher Award

As a respected Key Opinion Leader in Cardiology, Dr. Reddy regularly presents at renowned national and international conferences such as EuroPCR and TCT USA, where he shares insights from his clinical experience and research.

Currently affiliated with Apollo Hospitals, Dr. Vijayachandra Reddy Y continues to deliver world-class cardiology care, pushing the boundaries of innovation and improving outcomes for patients with complex heart conditions.

Experience

Dr. Y.V.C. Reddy is an internationally renowned Interventional Cardiologist with over 25 years of diverse clinical expertise in advanced cardiovascular procedures.

He is a pioneer in transradial interventions and complex high-risk percutaneous coronary interventions (CHIP), including:

- Left-main angioplasty and stenting
- Ostial, bifurcation, and chronic total occlusion (CTO) PCIs
- Post-CABG interventions involving SVG and LIMA grafts

Dr. Reddy has made landmark contributions in:

- Primary angioplasty for acute myocardial infarction (MI)
- Managing cardiogenic shock with a large volume of PCI cases and outstanding clinical outcomes
- Coronary imaging techniques including FFR, OCT, and IVUS
- Implantable cardiac device therapies (PPI, CRT, AICD)
- Thoracic and abdominal endovascular stent grafting (TEVAR and EVAR)
- Structural interventions like valvuloplasties and TAVR/TAVI

- Peripheral vascular procedures, including renal and carotid artery interventions, IVC filter placements, and coronary aneurysm embolization

His troubleshooting expertise in cardiac catheterization labs is widely recognized across the cardiology community.

Procedural Volume Highlights:

- Performed over 30,000 invasive cardiovascular procedures
- Over 7,000 PCIs, including 550 PCIs in cardiogenic shock
- 400 Percutaneous Transvenous Mitral Commissurotomies (PTMCs)
- 700 Cardiac device implantations (PPI, CRT, AICD)
- Several TEVAR and EVAR procedures with pioneering work in hybrid techniques
- 250 Renal angioplasty and stenting procedures
- Over 150 IVC filter implantations

Membership

- **Fellow of the American College of Cardiology (FACC)**
- **Fellow of the Cardiological Society of India (FCSI)**
- **Fellow of the Indian College of Cardiology (FICC)**
- **Fellow of the Indian Society of Cardiology (FISC)**
- **British Commonwealth Scholar** in Interventional Cardiology at University Hospital of Wales, Cardiff, UK
- Member of professional bodies including:
 - **Indian Medical Association (IMA)**
 - **Association of Physicians of India (API)**

Awards

- Best Doctor Award and Outstanding Researcher Award for contributions in interventional cardiology and vascular therapeutics
- Outstanding Researcher Award at Summit TCT Asia Pacific 2009, Seoul for excellence in interventional vascular therapeutics
- Fellowships:
 - Fellow of the American College of Cardiology (FACC)

- Fellow of the Cardiological Society of India (FCSI)
- Fellow of the Indian College of Cardiology (FICC)
- Fellow of the Indian Society of Cardiology
- Best Doctor Award in Cardiology (2011) – Awarded by TNMGR Medical University, Chennai
- Appointed Adjunct Associate Professor at the School of Medicine, University of Queensland, Australia (2011)
- Appointed Adjunct Professor at TNMGR Medical University (2015)
- TAMPA–LIMRA Professional Excellence Award for Cardiology (2016)
- Appointed Adjunct Professor, Apollo Hospitals Educational & Research Foundation (AHERF) (2017)

Research and Publication

- He is a distinguished academician with several papers and research work including clinical trials.
- These include 200 papers/abstracts, >600 CME programmes as Faculty in national & international conferences including TCT, EuroPCR, CCT etc.
- He has been an investigator in multicentre trials and registries like PRIME-CARE, WIN-OVER, TREASURE.

Frequently Asked Questions

1. Where does Dr. Y Vijayachandra Reddy practice?

Dr. Y Vijayachandra Reddy's medical practice is located at Apollo Hospitals, Greaves Road Chennai. This hospital offers comprehensive healthcare services and is a renowned facility.

2. Who is Dr. Y Vijayachandra Reddy?

Dr Y Vijayachandra Reddy is a renowned Cardiologist with over 27 years of experience. He practices in Chennai at Apollo Hospitals Greaves Road Chennai. Dr Y Vijayachandra Reddy holds a degree in MD DM MRCP(UK) FACC FCSI CCDS British Commonwealth Scholar in Interventional Cardiology, University Hospital of Wales, Cardiff, UK. He specializes in treating conditions such as Cardiac Arrhythmias, Dilated cardiomyopathy, Irregular Heartbeat, Palpitations.

3. Why do patients visit Dr. Y Vijayachandra Reddy?

Patients seek Dr. Y Vijayachandra Reddy's expertise for procedures such as Dobutamine Stress Test, Ambulatory Blood Pressure Monitoring, and Trans-esophageal ECHO. For a comprehensive view of his services, please refer to his detailed profile.

4. What is Dr. Y Vijayachandra Reddy's specialization?

Dr Y Vijayachandra Reddy specializes in Cardiology. He has expertise in treating conditions such as Cardiac Arrhythmias, Dilated cardiomyopathy, Irregular Heartbeat, Palpitations.

5. What are Dr. Y Vijayachandra Reddy's medical qualifications?

Dr Y Vijayachandra Reddy holds MD DM MRCP(UK) FACC FCSI CCDS British Commonwealth Scholar in Interventional Cardiology, University Hospital of Wales, Cardiff, UK, reflecting his comprehensive education in the field of Cardiology.

6. How many years of experience does Dr. Y Vijayachandra Reddy have?

Dr. Y Vijayachandra Reddy has 27 years of experience in cardiology. His extensive experience encompasses a wide range of cardiac care.

7. What is patient feedback for Dr. Y Vijayachandra Reddy?

Dr. Y Vijayachandra Reddy has received positive feedback from 12 patients, including 9 detailed testimonials. These reviews highlight his expertise and patient care. You can find further information on patient experiences.

8. What does a Heart Specialist do?

Cardiologists diagnose and treat cardiovascular diseases. Their expertise includes assessing heart health and interpreting diagnostic tests such as electrocardiograms.

9. When should I consult a cardiologist?

Consult a cardiologist if your doctor recommends it due to symptoms such as shortness of breath, dizziness, chest pain, irregular heartbeat, or hypertension. These indicate potential heart issues requiring expert evaluation and care.

10. What to expect during my first appointment with a cardiologist?

Your first cardiologist appointment will involve a comprehensive cardiovascular examination. This includes a review of your medical history and risk factors for heart disease, measurement of your blood pressure and heart rate, and an electrocardiogram (ECG). Expect a thorough assessment

of your overall heart health.
