## Overview

Dr. Subhransu Sekhar Jena is a distinguished Neurology Specialist at Apollo Hospitals Bhubaneshwar, Bhubaneswar, with 16 years of extensive experience in the field. He holds an M.B.B.S., MD in General Medicine, DM in Neurology, DNB in Neurology, and is a member of the National Academy of Medical Sciences (MNAMS). His advanced qualifications underscore his commitment to providing exceptional neurological care.

Dr. Jena is proficient in a range of neurological procedures and treatments, including advanced diagnostic techniques, management of neurodegenerative disorders, and stroke intervention. His dedication to research is evident through his active participation in academic discussions and medical conferences, where he shares insights on the latest advancements in neurology.

A strong advocate for patient-centered care, Dr. Jena prioritizes innovative treatment approaches tailored to individual patient needs. He believes in fostering a supportive environment that encourages open communication, ensuring that patients and their families are well-informed and

involved in their care journey. Fluent in both English and Oriya, he effectively connects with a diverse patient population, making quality healthcare accessible to all.

Dr. Jena's unwavering commitment to medical excellence and compassionate care positions him as a trusted leader in neurology.
