Overview

Dr. N Rajendran is a distinguished Diabetology Specialist with over 42 years of experience, currently practicing at Apollo Hospitals Greams Road, Chennai. Holding an MD in Internal Medicine, Dr. Rajendran possesses advanced expertise in managing diabetes and its complications, with a particular focus on innovative treatment strategies and patient-centered care. His proficiency extends to advanced procedures such as continuous glucose monitoring and insulin pump therapy, ensuring that his patients receive the most effective and personalized care. In addition to his clinical practice, Dr. Rajendran is actively involved in research and academic discussions, contributing to the advancement of diabetes care through participation in numerous medical conferences. His commitment to medical excellence is evident in his dedication to staying abreast of the latest developments in the field, which he integrates into his practice to enhance patient outcomes. Fluent in English, Hindi, Telugu, and Tamil, Dr. Rajendran effectively communicates with a diverse patient population, fostering a supportive and understanding environment. His unwavering dedication to

high-quality healthcare and innovative treatments makes him a trusted partner in the journey toward better health for his patients.
