Overview

Dr. Rahul Yadav is a senior specialist in **Neonatology** at **Apollo Women's Hospital, Chennai**, with over **26 years of experience** in pediatric and newborn care. He holds an **MBBS**, an **MD in Paediatrics**, and a **DM in Neonatology**, making him one of the foremost experts in managing the health of critically ill and premature newborns.

Dr. Yadav's core expertise lies in **neonatal intensive care**, including the treatment of **premature babies, low birth weight infants, neonatal respiratory distress, metabolic and genetic disorders**, and **congenital anomalies**. His advanced training enables him to provide high-level care in NICU settings, supporting the survival and development of high-risk neonates.

He is fluent in **English, Hindi, Tamil, and Marathi**, allowing him to communicate effectively with families from various linguistic and cultural backgrounds, offering reassurance and clarity during some of the most delicate moments in a family's life.

Dr. Yadav is widely respected for combining medical excellence with a compassionate, family-centered approach. He also remains committed to continuous learning and the adoption of best practices in neonatology to improve long-term outcomes for newborns.

In Chennai, **Dr. Rahul Yadav** is a trusted name in **Neonatology**, known for his clinical precision, deep empathy, and dedication to giving every newborn the best possible start in life.
