Overview

Dr. Aathira Ravindranath is a highly skilled Paediatric Gastroenterologist based in Mysuru, Karnataka, with over 11 years of dedicated experience in the field of paediatric medicine. Holding an MBBS, MD in Paediatrics, and a DM in Paediatric Gastroenterology, she is well-equipped to address a wide range of gastrointestinal issues affecting children. Dr. Ravindranath's expertise encompasses diagnostic and therapeutic procedures, making her a valuable resource for parents seeking specialized care for their child's digestive health. She is proficient in both English and Hindi, ensuring clear communication with her diverse patient base. As a female doctor, Dr. Ravindranath brings a compassionate approach to her practice, understanding the unique needs of her young patients and their families. At Apollo Hospital, she is committed to providing the highest standard of care, aiding in the comprehensive management of conditions such as chronic abdominal pain, inflammatory bowel disease, and malnutrition. Known for her patient-centric approach, Dr. Ravindranath fosters a supportive environment that encourages questions and active involvement from parents, making the

consulting experience as comfortable as possible. Her dedication to her field and the well-being of her patients has established her as a trusted figure in paediatric gastroenterology within the community.
