Overview

Dr. Anita Kaul is a highly qualified Fetal Medicine Specialist based in South Delhi, Delhi, with a commendable 14 years of experience in her field. She holds multiple esteemed qualifications including MBBS, MS, MRCOG, FRCOG, and DIP in Fetal Medicine, which underscores her deep expertise and commitment to advancing maternal and fetal health. Dr. Kaul is proficient in both English and Hindi, allowing her to effectively communicate with a diverse patient population. Her practice focuses on the complexities of fetal care, providing comprehensive consultations, accurate diagnoses, and innovative treatment plans for expectant mothers. As a dedicated practitioner at Apollo Hospitals, Dr. Kaul combines her extensive knowledge with a compassionate approach to ensure the best outcomes for her patients. She is committed to staying updated with the latest advancements in the field of fetal medicine, which allows her to provide cutting-edge care. Dr. Anita Kaul's commitment to excellence and her patient-centric approach make her a trusted choice for families seeking specialized prenatal care.

Experience

- Anita Kaul completed her 2 year Fetal Medicine Fellowship with Professor Kypros Nicolaides at Kings College Hospital, London. She returned back to Delhi to start the Apollo Fetal Medicine Unit as a separate unit in August 2006. Working in Apollo Hospitals since 1998
- The unit is now established as a referral unit for a variety of chromosomal screening tests, diagnosis and management of fetal abnormalities and second-opinion scans. The in-utero fetal therapy centre was started in 2012, with it being one of the few centres in India offering advanced fetal interventions. Specialised clinics, fetal twin pregnancy clinic was started in 2018 and the Fetal Brain (neurosonography) clinic was started in 2020 again pioneering clinics in North India for complicated problems. The unit is accredited with the Fetal Medicine Foundation UK for 1st Trimester Down syndrome screening (NT/NB scan) as well as training doctors in performing this scan. Regular teaching and training programmes nationally are organized by her.
