Overview

Dr. Antaryami Nanda is a distinguished neurologist based in Bhubaneswar, Odisha, with an impressive 10 years of experience in the field. His expertise in neurology is complemented by his commitment to providing high-quality care to his patients. Dr. Nanda is fluent in both English and Hindi, which enables him to effectively communicate with a diverse patient population, ensuring that each individual's health concerns are thoroughly understood and addressed.

Throughout his career, Dr. Nanda has been recognized for his dedication and contributions to the medical field. He was awarded the Efficiency Shield Award in 1995 for outstanding performance and devotion to duty during his tenure as General Manager at S.E Railway, Calcutta. This accolade highlights not only his professional competence but also his commitment to excellence in healthcare.

As part of the prestigious APOLLO network, Dr. Nanda is committed to utilizing the latest advancements in neurology to offer comprehensive diagnostic and therapeutic services. His approach combines modern medicine with compassionate care, making him a trusted choice for patients dealing with neurological disorders.

In his practice, Dr. Nanda emphasizes thorough assessments and personalized treatment plans, striving to empower his patients and improve their quality of life. Whether dealing with common neurological issues or complex conditions, patients can expect patient-centered care focused on achieving the best possible outcomes. Dr. Antaryami Nanda remains a significant figure in the Bhubaneswar medical community, dedicated to advancing the field of neurology and providing top-notch care.

Frequently Asked Questions

Where does Dr. Antaryami Nanda practice?

Dr. Antaryami Nanda is a practicing physician at Apollo Hospitals, Bhubaneswar. This hospital provides comprehensive healthcare services.

Who is Dr. Antaryami Nanda?

Dr Antaryami Nanda is a renowned Neurologist with over 10 years of experience. He practices in Bhubaneswar at Apollo Hospitals Bhubaneswar. Dr Antaryami Nanda holds a degree in MBBS, MD, DNB (Neurology). He provides treatments including Thrombolysis for Stroke, Deep Brain Stimulation, Botox for Migraines. He specializes in treating conditions like Stroke, Parkinson's Disease, Multiple Sclerosis.

Why do patients visit Dr. Antaryami Nanda?

Patients seek Dr. Antaryami Nanda's expertise for headache treatment, brain mapping, and brain surgery. For a comprehensive understanding of his services, please refer to his profile.

What is Dr. Antaryami Nanda's specialization?

Dr Antaryami Nanda specializes in Neurology. He has expertise in treating conditions such as Stroke, Parkinson's Disease, Multiple Sclerosis. His key treatments include Thrombolysis for Stroke, Deep Brain Stimulation, Botox for Migraines.

What are Dr. Antaryami Nanda's medical qualifications?

Dr Antaryami Nanda holds MBBS, MD, DNB (Neurology), reflecting his comprehensive education in the field of Neurology.

How many years of experience does Dr. Antaryami Nanda have?

Dr. Antaryami Nanda has 10 years of experience in neurology. His professional history is available upon request.

What is patient feedback for Dr. Antaryami Nanda?

Dr. Antaryami Nanda has received positive feedback from one patient, including a detailed patient story. More information is available by contacting Apollo Hospitals directly.

Who is a neurologist?

A neurologist is a medical specialist expert in diagnosing, treating, and managing nervous system disorders. Their expertise covers illnesses and injuries affecting the central nervous system (brain and spinal cord) and the peripheral nervous system.

What is the difference between a neurologist and a neurosurgeon?

Neurologists and neurosurgeons both specialize in the nervous system. However, neurosurgeons perform surgical procedures, while neurologists manage neurological conditions medically. For surgical intervention for conditions like brain tumors or carpal tunnel syndrome, a neurologist will refer the patient to a neurosurgeon for surgical treatment.
