Overview

Dr. Asif Mehraj is a highly qualified and experienced Colorectal Surgeon based in Hyderabad, Telangana. With over 13 years of dedicated experience in the field, he has established himself as a leading expert in the management of both basic and advanced colorectal diseases, including colorectal cancer. Dr. Mehraj holds multiple qualifications, including an MBBS, MS in General Surgery, and is a Fellow of the Association of Coloproctology of India (FACRSI) as well as a Fellow of Colorectal Surgery (FCRS). He is proficient in both English and Hindi, allowing him to communicate effectively with a diverse patient population.

In addition to his clinical expertise, Dr. Mehraj has a strong commitment to research and education in colorectal surgery. He serves as the Joint Editor for the Indian Journal of Colorectal Surgery and has played pivotal roles in organizing significant instructional courses and workshops in the field. His contributions to research are substantial; he currently leads several multicentric studies on various colorectal conditions under the auspices of the Association of Colon and Rectal Surgeons of India.

Dr. Mehraj is actively involved in numerous research projects, including studies on fistula in ano, full thickness rectal prolapse, and young-onset rectal cancer, among others. His work is often recognized internationally, as evidenced by his collaborations with institutions such as the University of Leeds, the University of Birmingham, and Aalborg University in Denmark.

He is also a life member of several prestigious societies, including the Association of Surgeons of India and the European Society of Coloproctology. Dr. Mehraj's dedication to advancing the field of colorectal surgery is reflected in his leadership roles and his continuous pursuit of innovative treatments and surgical techniques. His patients benefit from not only his clinical skills but also from his extensive knowledge and research in colorectal surgery.
