### **7. What are Dr. Atul Ahuja's credentials?**

Dr. Atul Ahuja holds an MS in ENT and an MBBS degree.

### **8. Who is an Ear-Nose-Throat (ENT) Specialist?**

An otolaryngologist, also known as an ENT doctor, specializes in diagnosing and treating ear, nose, and throat disorders. This branch of medicine focuses on the head and neck region, encompassing a wide range of conditions affecting these areas.

### **9. Is an Ear-Nose-Throat (ENT) Specialist and an Otorhinolaryngologist different?**

An otorhinolaryngologist and an ENT specialist are the same. Otorhinolaryngology is the medical specialty focused on diseases of the ear, nose, and throat. ENT specialists diagnose and treat conditions affecting these areas, using both medical and surgical approaches. They address a

wide range of ear, nose, and throat health issues.

## **10. Is a referral needed to see an ENT specialist?**

Appointments with ENT specialists are typically made in advance. Walk-in consultations may also be available, though this may involve a waiting period. Referrals from other doctors or general practitioners are sometimes provided.

## **11. Should I consult an ENT specialist for sinusitis?**

Yes, an ENT (Ear, Nose, and Throat) specialist is the most qualified medical professional to diagnose and treat sinusitis. While a primary care physician may offer initial assessment, ENTs possess specialized expertise in the interconnected anatomy of the sinuses, ears, and nose, making them best equipped to manage this chronic sinus infection.
