Overview

Dr. Bikash Mishra is a highly experienced neurologist based in Bhubaneswar, Odisha, with over 24 years of dedicated experience in the field of neurology. He holds an impressive academic background, having earned his MBBS, MD in Medicine, and DM in Neurology from the prestigious All India Institute of Medical Sciences (AIIMS). Dr. Mishra is well-versed in multiple languages, including English, Hindi, and Oriya, which allows him to communicate effectively with a diverse patient population.

He has been recognized for his outstanding contributions to the medical field, receiving notable accolades such as the Best Paper Award from the National Institutes of Health in the USA and the Ekamra Award in Bhubaneswar. These achievements underscore his commitment to advancing medical knowledge and improving patient care.

As a part of the Apollo Hospital network, Dr. Mishra combines modern diagnostic techniques with compassionate care, ensuring that each patient receives a comprehensive evaluation and tailored

treatment plan. His expertise spans a broad spectrum of neurological disorders, including headaches, seizures, and neurodegenerative diseases. Dr. Mishra's approach emphasizes a collaborative relationship with his patients, fostering an environment where they feel comfortable discussing their symptoms and concerns.

With a reputation for excellence and a passion for his specialty, Dr. Bikash Mishra is a trusted choice for patients seeking neurological care in Bhubaneswar. Whether you're facing a complex neurological condition or seeking preventive care strategies, Dr. Mishra's extensive knowledge and patient-centered philosophy make him an invaluable resource for your health.
