Frequently Asked Questions

1. Where does Dr. Chepauk Ramesh practice?

Dr. Chepauk Ramesh's practice is located at Apollo Hospitals, Greaves Road Chennai. This hospital offers comprehensive cardiology and healthcare services.

2. Who is Dr. Chepauk Ramesh?

Dr Chepauk Ramesh is a renowned Plastic Surgeon with over 30 years of experience. He practices in Chennai at Apollo Hospitals Greaves Road Chennai. Dr Chepauk Ramesh holds a degree in MBBS, MS(GS), MCH(Plastic Surgery). He provides treatments including Rejuvenation Therapy. He specializes in treating conditions like Burns Injury Rehabilitation, Aestheticos, Acrochordon.

3. What is Dr. Chepauk Ramesh's specialization?

Dr Chepauk Ramesh specializes in Plastic Surgery. He has expertise in treating conditions such as Burns Injury Rehabilitation, Aestheticos, Acrochordon. His key treatments include Rejuvenation Therapy.

4. What are Dr. Chepauk Ramesh's medical qualifications?

Dr Chepauk Ramesh holds MBBS, MS(GS), MCH(Plastic Surgery), reflecting his comprehensive education in the field of Plastic Surgery.

5. How many years of experience does Dr. Chepauk Ramesh have?

Dr. Chepauk Ramesh possesses over 30 years of experience in the medical field.

6. Who is a general surgeon?

A general surgeon is a highly skilled medical doctor specializing in surgical procedures for a broad spectrum of common diseases. They offer expertise in a variety of surgical techniques and conditions.

7. What surgical procedures does a general surgeon perform?

General surgeons operate on various areas including the digestive tract (esophagus and associated organs), abdomen and its contents, treating conditions such as appendicitis, hernia, gallbladder issues, breast, skin, and soft tissue problems, as well as endocrine system surgeries. They possess expertise in abdominal surgery, breast surgery, hernia repair, and laparoscopic surgery.

8. Can a general surgeon perform cancer surgery?

Oncologic surgery requires specialized training. A general surgeon with additional oncology specialization is qualified to perform cancer surgery.

9. How does a general surgeon differ from a specialist surgeon?

General surgeons possess extensive surgical skills across diverse body regions, encompassing pre-operative, intraoperative, and postoperative care, including trauma management. Specialist surgeons, building upon general surgery training, gain further expertise in a specific bodily system; for instance, orthopedic surgery exemplifies a surgical specialty.

10. Can a general surgeon perform an appendectomy?

Yes, an appendectomy, the surgical removal of an inflamed appendix, is a common procedure performed by general surgeons. General surgery expertise encompasses this procedure.
