Overview

Dr. Girish Chandrasekharan Nair is a highly experienced Neurologist based in Mumbai, Maharashtra, with over 14 years of dedicated medical practice. He holds an impressive educational background, comprising an MBBS, an MD in General Medicine, and a DM specializing in Neurology. This advanced training equips him with a profound understanding of complex neurological conditions and their management. As a male practitioner in the field, Dr. Nair has earned recognition for his commitment to patient care and his ability to communicate effectively in multiple languages, including English, Gujarati, and Hindi. This linguistic versatility allows him to connect with and treat a diverse patient population.

Dr. Nair currently practices at Apollo Hospitals, where he utilizes cutting-edge medical technologies and treatment methodologies to provide optimal care for his patients. His expertise in Neurology encompasses a wide array of neurological disorders, including but not limited to epilepsy, migraines, and neurodegenerative diseases.

Throughout his career, Dr. Nair has been dedicated not only to treating patients but also to advancing the field of neurology through continuous learning and adaptation to the latest advancements in medical science. He remains at the forefront of neurology, ensuring that his patients receive the most current and effective treatment options available. Known for his compassionate approach, Dr. Nair is committed to listening to his patients's concerns and tailoring treatment plans to fit their individual needs, ultimately enhancing their quality of life.
